There are more than half a million bearing banana plants, 200,000 bearing lemon trees, 4,000,000 orange trees, and 21,000,000 pineapple. BRUTAL PUCILISM.

Two Savag Encounters in One Day

in a Stoble Yard. Two bare knuckle fights to a finish took place yesterday afternoon in the rear yard of the Club stables on Fort street. The first fight was between two employees of the stables and hapened about 2:30 o'clock. The encounter lasted three-quarters of an hour without rest. Bare knuckles being used the result of the visitation of the blows on each others' anatomy can be easily imagined. Being a private fight and personal ill-feeling the motive, it was witnessed by only five persons and was quietly enacted. The bigger fellow of the two was badly punished about the face and body, while the smaller fellow, who is known as a bad 'un, escaped with but few bruises.

At four o'clock two men-Kelly and Rafael-appeared stripped for the second fight. The cause of the fight is known to only a few, who will not say anything about the affair. Some say that Rafael insulted a lady and Kelly took up her cause. It is known, however, that a fight was arranged between the pair for \$25 a side, and the time and place were selected. Similar to the first fight bare knuckles were used. At the start Ratael smashed Kelly on the face, causing a deep gash on the check with a profuse flow of blood. Kelly started in, but failed to do any harm, owing to Rafael's height. Kelly, in order to avoid Rafael's onslaughts, resorted to clinching and was afforded needed respite through his tactics. A young blood acted as referee and separated the fighters when any unfair methods were displayed. Blow after blow rained on Kelly's face with sickening regularity, the whack being plainty heard on the street. Every time Kelly was struck the blood spurted in every direction. He was fairly smothered with blood. Back and forth from one end of the yard to the other the fighters fought, each following up every advantage. The fight caused such a noise that a large crowd from outside soon collected in the yard Not a few turned away in disgust at the brutal exhibition. The very ground was stained with blood, and the young sport who did the separating was spattered with the red fluid. The battle lasted for over half an hour when Kelly, fairly exhausted, acknowledged himself a beaten man During the fight a lump rose over his eye which had to be lanced. Kelly was taken home and is now confined to his bed under the care of a doctor. His face is disfigured, being cut in

different places. A police officer, attracted by the noise, entered the yard near the finish of the battle and was ordered off the premises. The officer reported to the Police Station and another officer was sent with him to arrest Samuel F. Graham, the manager of the Stables, for allowing fighting on the premises. Graham went to the Station and was later released, having, it is supposed, made a selfclearing explanation of some kind.
